

# HIRSCHI INTERNATIONAL

## DIGITAL COMMUNITIES

Ever wanted to design a **game** that everybody can play?

The Hirschi iDC is an opportunity for students to take advantage of one-to-one access to technology for the entire 2007-2008 school year.

How about **direct** your own home **movie**?

**Students** may apply to receive a state-of-the-art Hewlett Packard laptop to use during the school day, as well as take home to continue working on their assignments and conduct research. For students who have internet access at home, the laptop can be configured to work with their own ISP for even more usability.

Be in a home movie and be the **STAR**?

**WRITE A NEWS PAPER ARTICLE AND REPORT HISTORY FROM YOUR POINT OF VIEW?**

To apply for this program, students must complete a two step process:

- (1) Obtain, complete, and return the application located in the Hirschi High School office.
- (2) Pay the \$50.00 user fee (explained in detail in the Laptop User Handbook) and on a "first-come-first-serve" basis. Applications must be turned in to the Technology Office (Room 142A) to Mr. Borgman, Technology Facilitator.

**Chat online with other students about question that you were shy about asking?**  
**DO POWER POINT PRESENTATIONS FOR PROJECTS WITH MUSIC, ANIMATION, AND LINKS TO YOUR FAD FAV WEB SITES.**

Explore the world through the internet.

**Visit Countries.** learn about their culture, LANGUAGE, and search their lands through web quest. Race your friends on internet scavenger hunts.

Please review the information in the handbook for policies and guidelines that the student will be expected to adhere to. Distribution of laptops will be at the first of the school year. Laptop Handbooks are available in the school office and online at [www.hirschi.wfisd.net](http://www.hirschi.wfisd.net).

### **Dates and Deadlines:**

**Applications available - NOW**

**Application Submission Deadline - August 20, 2007**

**Payment Deadline - August 27, 2007** The fee for the use of the laptop for the entire school year is \$50. This non-refundable fee is comprised of a \$10 user fee and a \$40 premium payment of the accidental insurance policy. This payment must be paid in advance of the scheduled roll-out. All papers and agreements must be signed prior to roll-out as well.
